Naming

Requested name: Robert Kelly

Requested use of name: Park

Background Information (Reason for name request):

While I never had the pleasure of working with "Big Rob", the stories of his greatness are still told 11 years after his passing. He was a helpful friendly man, who kept the crew in line, unofficially. He was a leader in the irrigation department. He would help young staff and never had an issue expecting new assignments.

If you have submitted a person's name, please provide a short biography (Given name, date of birth, place of birth, contributions, awards, achievements or other related information):

Robert Kelly was born May 7th, 1953 in Saskatoon. He passed away February 20th, 2010. Rob was married for 34 years at the time of his passing. He enjoyed spending time with his 4 grandchildren and his three children. A solid family man who's work habits translated from the excellence he held at home. He was always ready for anyone in need. He was a very sociable guy and loved visiting family and friends. As with the other names I have submitted, Rob was a laborer with technical skills for the city and this level of employee is rarely recognized for their service. He was a long-time employee of the city.

Big Rob is the third and final name I will be submitted for City of Saskatoon employees. As with Jamie and Charles, this would go along way for closure and for showing the city cares about the guys who put in hours for them with little recognition. Thank you for your time in these considerations. I will address the committee if needed to plead out case for these great men we've lost.
