Dear council,

Please reconsider making changes to school zones and neighborhood speed limits at this time. With a 7million dollar shortfall in the operating budget it would we prudent to look at what the city needs and what the city wants.

As important as you believe adjusting the zones are, is the cost of the signage, the labour to put up the signage, and the communications around the change something we as taxpayers can afford right now?

It is a bit like deferring paying for the electrical bill, to put a new coat of paint on the house. We need the power, we can wait on the paint.
