My wife and I are very much against the changes to school zones and the adding of parks. We feel that high schools should remain as well. High schools are areas where we have many new drivers that don't need to be traveling 50km or higher. The expanding of the hours to 7-7 is also not needed. If you go by the schools at 7-8 am and 5-7 pm, there is very little if any activity. The addition of the parks is not necessary and will entail a huge number of signs to mark these areas. The \$700,000 to do these changes is ridiculous. I think the council has lost track of what we could really do with that kind of money instead of planting signs everywhere.

How is it that your survey from the taxpayers say it's not necessary, your COS committee says it's not required BUT council decides it's required??
