Meeting (if known) (Agenda item 10.4).

Comments

It has been brought to my attention that there is a few people wanting the facemask requirements removed for those riding the buses. I am a disabled senior with immunocompromised health issues and do not know anyone in the city. My only form of travel is by bus or taxi in order to go to appts or get groceries. If the facemask mandate is removed I will be forced to find other means once again to get groceries and not be able to go to appts as I did during the lockdown. I am not the only senior in this similar situation, so forcing us to once again into lockdown mode is not only unfair but very expensive which is extremely difficult on a fixed income, not to mention dangerous for our health. I would like to see the facemask mandate continue until there is no longer a fear or risk of being exposed to covid in any of its forms. Thank you for your consideration in this matter.
