Subject Public Toilets creating problems for Spadina Residents

Meeting (if known) May 24 Meeting RE Proposed Closure of of Road - Portion of Spadina Cr E

Comments

There was a public washroom at the bottom of the bandstand and Spadina. It was used for prostitution and drug use. That area is now caged off, but I think behind the fencing the bathroom is still there. If a bathroom is needed, the bathroom in the bandstand should be reopened first. That being said none of the problems of this bathroom were addressed in councils plan for a new one. Also to that end, council sent a notice and scheduled a meeting regarding a proposed road closure. This is not a road closure this is the conversion of a park area to a bathroom. I find at best this is misleading, the notice should have been regarding proposed toilet construction and plumbing in my opinion. There is over 100 residents of my building upset by this, and though I am not sure of numbers a considerable amount living in Nutana and in the condominiums west of us.
