His Worship Mayor Charlie Clark & City of Saskatoon Councillors
222 3rd Ave N
Saskatoon, SK S7K 0J5

Dear Mayor and Council Members,

Please accept this letter in support of the proposed YWCA Saskatoon expansion project. Development within the City of Saskatoon often contributes to a growing and prosperous community, in this instance, the services provided by the YWCA have far greater impacts on the community, than the projects economic impact alone. Programming offered by the YWCA is integral to our community. By approving the zoning amendment, the YWCA can continue to support the people of our community that require resources in their most trying moments.

As the former CEO of YWCA Saskatoon, I know firsthand the important and valuable work that goes on at the 25th Street location and applaud Cara Bahr's plans for expansion that will enable her, and her team to further serve the women and girls that they turn away daily due to lack of capacity.

The Construction Association supports local development for the economic benefit of our community through the planning, construction, and post-construction phases of a project. When the economic benefit is compounded with the opportunity to serve our community, the project becomes a higher priority. Local investment from our cities most engrained service providers helps establish Saskatoon as leader in providing key community resources. More importantly, it establishes Saskatoon as a community that cares about our people, their recovery and growth by providing stability and resources.

The project team involved in the planning and design of the project have demonstrated that they carefully considered the surrounding area and community, positioning the project to be delivered without disrupting the amenities and services within the area. Furthermore, continued development in our city and the expansion of community resources are valuable to sustaining a vibrant and accepting community.

Kind Regards,

Shannon Friesen
Chief Executive Officer
Saskatoon Construction Association

Ryan Fredrickson
Manager of Procurement
Saskatoon Construction Association
