Comments:

Saskatoon City Council

In the past 2 seasonal plate lotteries Saskatoon City Council has discriminated against taxi plate owner operators by excluding us from the draw.

It isn't Council's job to give handouts exclusively to people who don't currently own a taxi plate. You aren't income assistance workers or social workers.

This Council's actions re unlimited TNC's has devastated the resale price of taxi franchises in Saskatoon. You will be adding insult to injury be discriminating against us again.

At the current price of a taxi plate it is an opportune time to buy, but why do that when this Council has stacked the odds in your favour of getting a free plate?

You should reward the people that have served the citizens of Saskatoon for years by awarding these plates on a seniority basis instead of having a lottery.

You might even find you might get some cooperation from the taxi companies if you show a little bit of fairness for a change.
