Re: Letter of Support for Midtown Shopping Centre North Parking Lot for future event centre/arena

Developing and re-envisioning downtown Saskatoon is a priority for both aggressive growth targets and the viability and future proofing of our city and its citizens.

Having a lively and connected downtown entertainment district, all within a short walking distance to the key anchors will help not only downtown businesses, but all businesses in Saskatoon to prosper. The downtown district that is collaboratively activated, will be designed to thrive 365 days a year through both paid and free community events, large city-wide events, and daytime and evening activation. More and larger events will bring more people into the city for longer periods of time and with greater frequency.

The leaders and board of TCU Place wish to share their support for the City of Saskatoon's recommendation that the future Downtown Event Centre / Arena be located on the Midtown Shopping North Parking Lot, north of 22nd along Pacific Avenue. The close physical proximity of the event centre to the current convention centre and Sid Buckwold Theatre allow for optimal collaboration to activate the entire district. This location is also the closest to existing hotels, restaurants, and shopping. The synergy will be magnetic, drawing both residents and visitors to the district for a variety of reasons.

TCU Place is appreciative of the work completed to date to support the development of the Downtown Entertainment and Events District, and we look forward to next steps in the project.

Sincerely,

Tammy Sweeney
