Subject: The new arena

Comments:

I just read the results of the survey by Inshgtrix on where the location of the new arena is to go... The question is-- why was there not a choice of having NO new arena at all ?? I have not heard one person that I know say that a new arena is needed...we spent enough money on the new library, and the art gallery--is it necessary to build a new arena when it would be much cheaper to improve the one we have? With the new Wellness Center going to Fairhaven--and seeing the need for more shelters , affordable housing, addictions treatment centers etc....why would the city not put more money into those so that our city could be vibrant for all citizens not just the upper classmoving the shelter from downtown is not going to keep the downtown safe--helping the people should be first and foremost instead of an arena that we do not need.....it is all about priorities.....
