Comments:

Good Day I have previously requested to speak at Council regarding the Downtown Event Centre but I am out of town. So I am submitting this letter on my views of the Downtown Event Centre.

Dear His Worship Mayor Charlie Clark and City Council

Downtown Saskatoon isn't downtown Vancouver. The only reason a big stadium and arena works in the downtown core of a city like Vancouver is because of the major bus routes and the Skytrain that have stations right next to the stadium and two in the surrounding areas around the stadium and arena. People in and out of Vancouver can all travel to events at these venues because of the transit, parking isn't a concern because of these transit routes. Thousands of people from all over Vancouver attend events at the venues because of transit. Saskatoon City Council needs to get it through their minds that downtown can not handle such an endeavor as a stadium. The

parking spots that are already in the north midtown parking lot isn't going to cut it when it comes to a stadium meant to hold thousands of people and several trailers and equipment that comes with holding such events. So I don't support a new arena downtown.

Thank-you
Tyrell Harder
