To whom it may concern,

I have 26 letters from people who attended a vigil for Kevin James Sutherland who passed away exposed to the elements on 20th Street here in Saskatoon. Many of these individuals are experiencing homelessness so were not sure how to submit or did not have access to be able to submit. I have compiled them into one document and would like to have them submitted for consideration for the Budget meeting starting Nov 28, 2022. It was suggested I submit it this way as I am submitting my own letter through the online process.

Please let me know if there are any issues or concerns.

Thank you for your time.

Cheers,

Stephnie Watson MSc, EP  
Pronouns: They/Them

I recognize that my living in Saskatoon is a part of Treaty 6 Territory and is the homeland of the Cree and Métis Nations. I also recognize it as the traditional homelands of the Lakota, Dakota, Nakota, Dene, and Sauteaux. As a new settler in this region, I will be educating myself on Treaty 6 and will uphold and actively engage in the 94 TRC calls of action.

 [Housing Funding Letters.pdf](#)

Dear Mayor and City Councillors,

13 November 2022

It has come to my attention that the City of Saskatoon has fallen behind on funding levels for attainable housing and for other resources used to help those experiencing homelessness. Due to this lack of funding, it is my understanding that a couple of recommendations are being considered during the budget meeting starting on November 28, 2022.

The recommendations being considered are:

- 1) That a new mill rate contribution of \$100,000 and a capital contribution of \$300,000 toward the Saskatoon Attainable Housing Program.
- 2) That a new capital project of \$245,000 for the preparation of the new Housing Strategy.
- 3) That the Administration bring forward funding source options at the time this matter is at Budget deliberations

As a community member living here in Saskatoon I would like to let you know I am in support of these recommendations because:

*The housing problem will not address itself, & it is grossly unethical, being at best only different from criminality by legal fiat, to leave these preventable deaths from exposure to happen.*

I hope you will be decided in favor of these recommendations and will also commit to further work needing to be done to secure sustainable and affordable housing for every person within Saskatoon so that we are no longer losing fellow community members, family and friends to death from exposure as has happened in recent weeks and will continue to occur.

Sincerely,

Resident of Saskatoon

As a community member living here in Saskatoon I would like to let you know I am in support of these recommendations because:

- Struggle is very hard on family members with low income.
- it causes hardship and addiction within the household.

I hope you will be decided in favor of these recommendations and will also commit to further work needing to be done to secure sustainable and affordable housing for every person within Saskatoon so that we are no longer losing fellow community members, family and friends to death from exposure as has happened in recent weeks and will continue to occur.

as someone who works in Riversdale I see the needs of the community which are not being met. Moreover the impacts of gentrification and how it displaces and criminalizes folks. Seeing make shift shelters and expensive stores in the same area is gross and upsetting.

I hope you will be decided in favor of these recommendations and will also commit to further work needing to be done to secure sustainable and affordable housing for every person within Saskatoon so that we are no longer losing fellow community members, family and friends to death from exposure as has happened in recent weeks and will continue to occur.

The recommendations being considered are:

- 1) That a new mill rate contribution of \$100,000 and a capital contribution of \$300,000 toward the Saskatoon Attainable Housing Program.
- 2) That a new capital project of \$245,000 for the preparation of the new Housing Strategy.
- 3) That the Administration bring forward funding source options at the time this matter is at Budget deliberations

As a community member living here in Saskatoon, I would like to let you know I am in support of these recommendations because:

I believe housing is an important human right that Saskatoon needs significantly more attention paid to.

I hope you will decide in favor of these recommendations and will also commit to further work needing to be done to secure sustainable and affordable housing for every person within Saskatoon so that we are no longer losing fellow community members, family and friends to death from exposure as has happened in recent weeks and will continue to occur.

Sincerely,

Dear Mayor and City Councillors,

It has come to my attention that the City of Saskatoon has fallen behind on funding levels for attainable housing and for other resources used to help those experiencing homelessness. Due to this lack of funding, it is my understanding that a couple of recommendations are being considered during the budget meeting starting on November 28, 2022.

The recommendations being considered are:

- 1) That a new mill rate contribution of \$100,000 and a capital contribution of \$300,000 toward the Saskatoon Attainable Housing Program.
- 2) That a new capital project of \$245,000 for the preparation of the new Housing Strategy.
- 3) That the Administration bring forward funding source options at the time this matter is at Budget deliberations

As a community member living here in Saskatoon, I would like to let you know I am in support of these recommendations because:

housing is a human right  
this is ridiculous  
this is stolen land

I hope you will decide in favor of these recommendations and will also commit to further work needing to be done to secure sustainable and affordable housing for every person within Saskatoon so that we are no longer losing fellow community members, family and friends to death from exposure as has happened in recent weeks and will continue to occur.

Sincerely,
