I would like to commend Counselor Hilary Gough and her clear communication about the Circle Drive West project and its impact on Montgomery Place. I reviewed all of the documents about the project and I watched Hilary's video that outlines her proposed solution. Hilary's suggestion is that the 2 projects (Circle Drive West and the 11th street overpass solution from the rail solution study) be tied together. I endorse and support the proposed merger of the two projects is a good idea! I would wholeheartedly support this. I moved to Saskatoon last year from BC to care for my aging in-laws who live in Montgomery and the first thing I thought of, when seeing the train traffic at 11th and circle, was why wasn't there an overpass? The intersection is dangerous and it will only be a matter of time before a tragedy or a derailment takes place. An overpass is not only safer for pedestrians, commuters and emergency vehicles, but it would vastly improve my quality of life as I won't have up to a 30 min delay getting to/from work.
