On September 8 I submitted an email to my City Council Ward 5, Randy Donauer regarding the foul smell outside. "As I was leaving my house on Tuesday September 6 at 5:15pm there was a terrible smell outside due to the rendering plant is what I am told. Is there any way to get this plant moved or not to vent into the atmosphere as the smell makes me nauseated and can't do anything outside. It ruins anything that we would like to do outside,

especially enjoying a backyard BBQ is out of the question. What can be done to fix this situation in our neighborhood. Thank you!"

Will you be submitting a video to be vetted prior to council meeting?: No
