

Project Submissions and Review Timelines – Cities Stream

Building from the processes used in Round 2, Administration has set the following timelines to receive, evaluate and choose suitable projects to submit under the Cities Stream:

November 22, 2022	Request for Letters of Intent Released.
December 15, 2022	Deadline for Letters of Intent to be submitted to City.
December 15 to January 30	Review and Evaluation Administration has created a committee to review and score the Letters of Intent to determine if the project meets all the criteria set out by CMHC and the City.
January 30, 2023	Decisions communicated to selected proponents. Once projects are deemed suitable, Administration will engage with the selected project proponents for further discussions. Initial discussions will occur prior to notifying unsuccessful applicants. Notification to unsuccessful applicants will occur as early as possible following these discussions.
February 1 to March 6	Negotiations and project development/refinement with selected proponents.
March 6, 2023	Project details and submissions finalized.
March 15, 2023	Final deadline for the City to submit proposals to CMHC for their review and approval.

Once applications are approved, the City will require that separate agreements be entered into with each successful applicant outlining the ongoing obligations of the parties for a term consistent with that contained in the Contribution Agreement.
