

GOVERNANCE AND PRIORITIES COMMITTEE

2023 Appointments – Boards, Commissions and Committees

Recommendation of the Committee

That the recommended appointments to Boards, Commissions and Committees and any further direction as in Appendix 1 to this report, be approved.

History

Each year, the City of Saskatoon invites applicants to apply to serve on its various boards and committees. Advertising was placed in the local newspaper on September 10, 2022, as well as on the City's website, supplemented by social media. Applications were accepted online until October 4, 2022.

At its meeting held on November 14, 2022, the Governance and Priorities Committee considered the first batch of appointments, primarily with respect to Council member appointments and citizen/agency representatives. Citizen appointments to Controlled Corporation, Statutory Board, and the Saskatoon Airport Authority appointments remain to be considered.

The attached recommendations are for City Council's consideration at this time.
