**Subject:** Renewable and Low-emissions Energy Implementation Plan

**Meeting (if known):** November 7 2022

**Comments:**

To Saskatoon City Council.

My concerns regarding the proposed Solar Farm project are still being disregarded. The ground contamination from the panels. The panels being sourced from China and being generated by a people who are essentially slave labour. The biggest problem is the toxic waste being poured out on the planet as these panels are manufactured. Once again I object strenuously to this project as the environmental impact is incredibly negative.

Regards  
Kevin Bowering
