Comments:

Along with the Friends of Saskatoon Afforestation Areas Inc., Montgomery Place Community Association fully supports the proposed Natural Area Management Plan Pilots- Small Swale and Richard St. Barbe Baker Afforestation Area.

In the Local Area Plan for our community, we expressed concern for protection and preservation of the Richard St. Barbe Baker Afforestation Area adjacent to our community, which is a unique forest environment and animal habitat within the city. In the final report for the LAP, recommendations were made for developing a long term classification and short term steps to protect Richard St. Barbe Baker Afforestation Area.

We would urge the committee to vote favorable for the recommendations by administration.
