Comments:

My wife and I walk near Warman Road in Silverwood. We have noticed during our walks that there is often a smell coming from the Meat Rendering Plant. I have called the plant several times and relayed my concerns to somebody

by the name of Sam. We smell the smell at various times throughout the day. And I have only recently started tracking the smell and keeping records. In December we notice the smell on December 2 around 9 AM. I called Sam at that time. We were walking at 9:30 PM on December 9 and also smelt the odour from the Meat Rendering that evening. Depending on the wind, the smell can be very offensive. We would appreciate it if the city would do it can to alleviate this problem. Thank you for your attention to this matter. Herb Schmidt
