**Subject:** Exotic Animal Proposed Animal Control Bylaw Amendment

**Comments:**

I am writing to express my complete opposition to Saskatoon City Council's potential approval to allow for more breeds of pythons and boas to be kept as pets. As these wild animals have incredibly complex needs, they would suffer physically and psychologically in captivity. The exotic pet industry is nothing more than a business focused on making money, with no concern for the life of animals. I urge City Council to not be influenced by pet reptile keepers, nor the exotic pet industry. Wildlife should not be allowed as pets. Say NO to the proposed amendment! Thank you.
