**Comments:**

Re: proposed closure of City of Saskatoon Greenhouse Ave P with no plans to rebuild.

I am saddened to hear of this proposal. This is absolutely the wrong choice for a facility which is needed to improve the visual quality and beautification of our prairie city. The future of the existing plants at this facility is grim/fatal if this plan takes place. I fail to see how the plan to contract out is cost effective in the long run. I realize that the old facility has almost reached the end of it's life, but it needs replacement not program closure. Thank you for listening.

**Comments:**

Addendum to my previous comments regarding closure with no plans to replace this important facility. I am very concerned for the plants from the former Mendel Conservatory. They have historical/cultural (as well as monetary) importance.

I'm sure Mr. Mendel would be appalled by the proposal to close without replacement.  
We need to maintain his legacy to our city.
