**Comments:**

Saskatoon, like Edmonton is in the highly fragmented Aspen Parkland ecoregion. The Swale Protected Area is a priceless remnant.

I am currently working on a grand vision for conservation of the Aspen Parkland, a wildlife corridor connecting the Foothills in Alberta to Northern Minnesota. The Swale Protected Area is a mid-point in this vast network.

Canada is committed to the 30 by 30 goals for protecting biodiversity. Supporting the Swale Watchers boundaries is a great way for Saskatoon to demonstrate to the world the bold actions needed to ensure a livable future.
