Comments:

I do not support the options 1, 2, or 3 that are being presented by city admin as they:

- Fail to provide optimal protection for the sharp-tailed grouse dancing ground in the Northeast Swale.
- Fail to safeguard the wetlands in the hydrologically sensitive Small Swale, and
- Fail to provide viable habitat linkages between the Small and Northeast Swales and between the Northeast Swale and the river valley. Providing these connections is absolutely crucial to maintaining the health of the Swales and the species who live there.

I support the Swale Watchers Recommended Boundaries which provide a balance for nature and urban development.
