Comments:

I support swale watchers boundaries of the new freeway. City Council has repeatedly acknowledged the value of the

Swales and promised to protect them, now and in the future. Yet both the City and the Province are planning developments that will cause irreversible harm to these irreplaceable natural treasures. The proposals Fail to provide optimal protection for the sharp-tailed grouse dancing ground in the Northeast Swale. Fail to safeguard the wetlands in the hydrologically sensitive Small Swale, and Fail to provide viable habitat linkages between the Small and Northeast Swales and between the Northeast Swale and the river valley. Providing these connections is absolutely crucial to maintaining the health of the Swales and the species
