What meeting do you wish to speak/submit comments ? (if known):: Regular Business Meeting of City Council

What agenda item do you wish to comment on ?: 9.3.1 NorthEast Swale Boundaries

Comments:

The three boundary options proposed by city staff will not protect this fragile ecosystem. I endorse the Swale Watchers proposal.

Saskatoon has already tried and failed at urban conservation within a neighbourhood in the Saskatoon Natural Grasslands. Until the problems of wildlife corridors, an understanding of the minimum size of conservation areas, and a solution to burning and grazing can be identified, city council should not move forward.
