Comments:

I am writing to ask you to cancel plans to extend 17th Street to 11th Street. I am dismayed that the City plans to go ahead with this project even though studies show that it may no longer be needed. I am dismayed that the City failed to consult with, has no plans to consult with, the residents that live on or near 17 street west, that will be directly affected by this expanded roadway. They have failed to consult with the residents of West Industrial and Riversdale.

West Industrial is a neighbourhood in transition, from industrial to increasing residential.

I am concerned about the increased traffic which will result in an increase in pollution – air pollution, noise pollution, particulate pollution. I am concerned about the health and safety of the people that live in this neighbourhood.

I am concerned that the City is prepared to spend 7 – 10 million dollars that it may not need to spend. Times are tight for everyone in this city and the funds could be used elsewhere to create a safer, healthier community for all (planting more large trees on the 17 street boulevard, more appropriate traffic calming measures on 17th street, homelessness, etc).

I respectfully request that the ill conceived and unnecessary 17th Street extension be cancelled and replaced with a park and multipurpose trail. This decision, I believe will be visionary and will support the well-being of all Saskatoon residents, especially those residing in our core neighbourhoods.
