**Comments:**

I am writing to implore you to cancel plans to extend 17th Street to 11th Street.

In light of the transition of the West Industrial neighbourhood from industrial to increased residential, I truly believe

the extension is unnecessary. I believe such an extension would add unnecessary traffic to 17th Street without any reason and reasonable outlet.

Further I believe that this extension is not in keeping with the City of Saskatoon's vision and commitment to active transportation. Nor would the extension support a vision of increased park space for core/west side neighbourhoods which are deficient in park space. As such, I recommend the City of Saskatoon convert the land in question to a linear park, complete with a multipurpose bicycle/ pedestrian trail which would extend the current 17th Street multipurpose trail from Avenue P to 11th Street.

Again, I respectfully request that the ill conceived and unnecessary 17th Street extension be cancelled and replaced with a park and multipurpose trail. This decision, I believe will be visionary and will support the well-being of all Saskatoon residents, especially those residing in our core neighbourhoods.

Thank you,
