What agenda item do you wish to comment on ?: The extension of 17th

Comments:

This extension will negatively impact our community. Living off of 17th street we already have significant traffic concerns around the intersection of 17th, avenue e, and Spadina. It is a challenging intersection with a large number of foot traffic as well as cyclists using this pathway to access the trail system at Victoria park from Riversdale. Our

street (500 block of avenue e south) is comprised of young families with children who are regularly crossing 17th street to play in the park and the amenities in Victoria park.
