Subject: Thanking COS Employees and Announcing Community Campaign Total

Hello Jeff:

I hope you are well.

In early April we will be announcing our United Way total raised and the City of Saskatoon did extremely well outperforming their government counterparts both provincial and federal!

I would like to address City Council with this great news and thank publicly city employees for their generosity and caring.

I see that addressing council on a general matter so to speak may not be granted if it doesn't relate to an item or it would be referred to a committee.

I am seeking your advice on how best to celebrate this achievement with some public recognition. Many years ago, we had a city wide achievement announcement and invited all employee's who lead their various department and I would like to get back to something, maybe next year.

If you would prefer a quick phone call meeting or zoom that would be great.

Thank you.

Sheri Benson CEO
