

STANDING POLICY COMMITTEE ON TRANSPORTATION

Action Plan and Funding Strategy Options for Required Upgrades to the City of Saskatoon's Fueling Infrastructure

Recommendation of the Committee

That Option 2 – Address All Above Ground Fueling Infrastructure Deficiencies in 2023 to bring all above ground fuel infrastructure up to code and add overfill valves to all above ground fuel tanks be approved and funded from the Reserve for Capital Expenditures.

History

The Standing Policy Committee on Transportation, at its meeting held on June 6, 2023, considered a report of the Transportation and Construction Division regarding the above.
