## General Updates to the Zoning Bylaw

General updates to the Zoning Bylaw will be undertaken to ensure consistency with the applicable Provincial legislation, the Official Community Plan, and other relevant City policies and practices. The Zoning Bylaw will also be updated to correct spelling and grammatical errors, clarify definitions where appropriate, provide clarification where needed and review the Bylaw for repetition and consistency.

General updating of the Bylaw will be undertaken throughout the Project.

## Updates to the Bylaw

There will be no further updates as a part of the Zoning Bylaw Review Project. This is the final amendment package.

## Upcoming in 2023

The Project is now in its final year. Following this amendment package, the final phase of the Project is to repeal and replace the Bylaw. Final review and revisions of the full document will take place during lead up to the last milestone of the Project. Upon adoption, the new Bylaw, including a new Zoning Map, will replace the existing Zoning Bylaw.

The scope of repeal and replace focuses on improving consistency, new figures, updates to definitions, references and maps, removing redundancies, format clean-up and reorganization. More substantial Zoning Bylaw amendments have intentionally been brought forward through previous amendment packages.
