Re: New Corridor Zoning Districts

This letter is submitted for the Public Hearing to consider new Corridor Zoning Districts. Our company is aware of significant interest in these new zoning districts, and we wish to indicate that we are in favour of the proposal to add these to the Zoning Bylaw.

We believe this is a very important step to encourage the redevelopment of Saskatoon's major transportation corridors in accordance with the City's Plan for Growth. These new zoning districts will facilitate redevelopment by encouraging developers and property owners to consider utilizing the increased development rights and transit-oriented standards.

We would encourage members of City Council to adopt these new zoning districts.

Sincerely,
Wallace Insights
