

To: Mayor & City Council:

Our once lovely City is in a mess & is a mess:
Run by incompetent - Brain-Fogged Clown-
mostly failed school-teachers who have
no idea how to do a Budget - let
alone balance it! Managing an economy?
Bike - Lanes plus sidewalks on 2 sides
of Double-Laned McOrmond + a 60 KPH
Speed Limit on 4 & 6-Laned Freeway
to the new Bridge!! (??) 60 KPH - on
a Freeway!! no wonder it has little usage!

NOW THE NEXT BUDGET - "0" - zero
increase - we are already way too high.
NO 4% - or 2% increase!

ZERO Increase - do you get it?

- Already Way Too High! Out of Control!

- New Library - only the street people
will use - no parking!

- Another NEW HOCKEY ARENA???

We already have a NEW ARENA - 30
years old is NEW NEW!!

- Water Rates go up 20% every year
for decades! (Hidden Tax Increase)

- We pay for Blue Tubs, Now Green Tubs -
which we don't use -

My Green Tub will never be used -

I compost all our Lawn Clippings, Leaves,
Kitchen Waste etc into our large Compost Box

* Why do we have to pay \$10/mo for something
con't -

(I spread all the Compost on our Veggie Garden. (2)

WE WILL NEVER USE?

But - you shove it down our throats - Many of us would love to SHOVE IT UP YOUR A---S!! YOU A-----S!

Dandelions in City Parks Roadways etc - make my City UGLY!

You have NO idea how to run our City! We have never liked what you have been doing - but now it has become a severe HATRED to all you - except a couple guys.

NO MORE TAX

Increases - not 2%

ZERO

Balance the Budget, \$8100 is already Ridiculous

Oh! — Snow ③

City spent Removal —
20,000,000 to remove snow
(was it 9") which fell real
early in the Winter! —

Ours on Lumber was hauled
away in March — many
months after it was plowed
into piles — of the 4' piles
(4 feet high piles) — had
melted & evaporated down
to 16" — when hauled away

What a Waste

Incompleteness
It would have all melted in
a couple weeks
