Hello,
I am hoping to speak directly to council and provide feedback on the proposed new library. I feel that it is inappropriate to even consider building a new library with a price tag of over 50-60 million, with the cities current debt situation and property tax increases. The new Children's Hospital costed around 285 million to build. I am unsure how a proposed library could cost nearly half of that. I want to speak directly to council about these issues at the next meeting prior to the vote on the loan for the library. Thank you.
