

July 29th 2023

I would really appreciate the opportunity to speak on behalf of the many residence of John A MacDonald Rd. The name should be changed out of respect for the painful history his name represents

However as one of many residence since 1979 we've been taken aback at being bi-passed & excluded from 95% of this subject, On the final hr. we residents received invitations to an "information session".

It was not the best start at this meeting but many on this Rd have very empathetic, supportive & healing suggestions. Sadly they fell on deaf ears. We feel however as tax payers, (many of us home owners) that in an open forum. And with time to contemplate; would see empathy peace & reconciliation can really be obtained! Not just for the Rd but for this city as a positive example to this Country.

* Please call Candice at [redacted] for their's hours & when... And if I or someone on the Council can readdress this on the 9th or do I reapply?

Respectfully Candice
[redacted]

Thank you so much.
