Hello all,

As you talk about the purchase of new bins for garbage, please consider the following.

The bins we have seem to be working fine, Maybe rather than purchase a bunch of new ones now, consider replacing them as they become unusable. Surely you have an idea of how many need to be replaced each year.

If you can defer debt repayment surely you can defer garbage can purchases.

I hope that someone will respond with the rationale as to why this needs to be done right now.

Thank you.
