Comments:

While more convenient for Council to have public hearings earlier in the day, and the claim that it has become easier for the public to attend meetings with virtual options provided, how does it practically impact the ability of taxpayers to attend during regular work hours? If you work 9-5, the time required to attend is still a barrier, regardless of if you are in-person, online or on the phone. Have any of the speakers from recent public hearings been asked about this option?

Will you be submitting a video to be vetted prior to council meeting?: No
