Thank-you for informing us of this upcoming meeting re:noise mitigation. It appears that the committee is making a serious attempt to address the problem. Spadina has become a very busy street and so is noisy; the 50 kph speed limit has helped somewhat but the problem remains: enforcement of bylaws. We understand that this is very time-consuming for law enforcement and it is hard to help because getting a licence number on a stunting motorcycle or a speeding car without a muffler is difficult.

Please do your best.
