

OSP Letter of Support

Sept 15, 2023

Brad Babyak,
Recreation Services Manager, Open Space Programming & Development
Recreation & Community Development Department, Community Services Division
City of Saskatoon | 3130 Laurier Drive | Saskatoon, SK. S7L 5J7

Dear Brad,

I write today representing the Board of Directors of OSP Community Development Organization in support of the partnership and sub lease of a portion of the OSP Community Development Inc lease area to Saskatoon Freestyle.

We have had discussions and have an agreement that covers operations, insurance, protocols, and a framework to further develop the relationship as it evolves between the two partners.

We are excited to see Optimist Hill develop into something bigger than our original vision and create further learning opportunities for our citizens, to participate in a winter sport that is both recreational and could lead to much greater opportunities. Mark McMorris learned his craft on the slopes of Mission Ridge, and we may also see an individual that makes Saskatoon, Saskatchewan, and Canada proud in the future, with a start right here in Saskatoon.

Brad, if you have any further questions, please call at your convenience.

Bradley (Brad) S. Sylvester C.Dir S.V.M.
President and Chair of Board of Directors
OSP Community Development Corp, a Non-Profit Corp
