Comments:

I am a business owner in the mayfair area on Idylwyld dr.

yes we have issues with homelessness and its major.

Knowing this site has been selected already and the purpose of this site , and what the out come for the issues that need to be addressed

1. this site is only going to help the ones that are at harm, thats if they want help

2. this site does not address the issues of people sleeping in back alleys and on streets, This is the issue that need to be addressed. this only benefits anyone that has been pick up from the police and to open up space in the holding tanks

3. the city logo is saskatoon shines

-from what direction does it shine?

-when incoming people coming into the city from the north end or west they will notice

-the hotel will suffer greatly

-business in the area are suffering now already

-garbage all over the place and sleeping bodies

4. so addressing the ones that are in harm does not address the ones that are homeless

5. why afflict loss of business , loss of jobs, and more crime, clean up the boarded up homes and the garbage that is left behind from the homeless. I see them sleeping on the street by 711, in front of the strip mall, behind the strip mall between garbage cans, raiding the recyclable boxes and going thro the garbage bin , setting fires to keep warm, which came close that our store did not burn down. this is what needs to be fixed

6. there are other facilities availably

---what about the former stc building, empty there is enough room for the homeless and the ones that need help

---what about the former place of redwillow group homes, there is lots of room there

---these are government owned

7. my business is suffering now because of the out going concern and trying to make ends meet, and I am not alone on this

8. this is not a good reputation for our city especially on a main road in, I personally am sadden that the city has chosen this site

9. I live in the pleasant hill area, love my house and the area, it was starting to clean up, then the reduction site came in, it has destroyed the neighborhood and a massive gathering in the back , with garbage all over and gang hang out. I believe this will happen here too

--do not bring this kind of setting to this area
