**Comments:**

We are a one-car family for a variety of reasons. Walking and cycling are a part of our regular routine. Even now, we take Ave C routinely to get downtown and to river landing and are dreaming of the improvements and how it will make it safer and more convenient for all road users. I've been an all-season biker for 5 years and commute by bike daily. I take personal precautions for my safety but know that systemic design issues are at the core of the safety challenges we face. I support safer streets and safe street infrastructure. Thank you
