What agenda item do you wish to comment on ?: 7.2.3 Neighbourhood Bikeways 30km/hr Speed Limit Policy”

Comments:

I am in support of this policy. This reduction in speed will go a long way to making cycling safer in Saskatoon. Cycling decreases green house gases and road congestion, and increases population health. Better and safer cycling infrastructure increases the number of people willing to cycle for transportation. I strongly encourage this committee to forward this recommendation to City Council. It will not require a huge financial commitment and it will yield huge gains.
