Comments:

To the Standing Policy Committee on Transportation,

I am writing in support of the report recommendation to approve a policy for all neighbourhood bikeways in Saskatoon to have a posted speed limit of 30 km/h.

As a regular bike rider from a family who seeks to limit our vehicle use, I feel that a reduced speed limit on these corridors would increase safety, reduce accidents and injury, and generally create a more welcoming environment for all users.

SGI President and CEO Penny McCune is quoted on the SGI website: "The faster you speed, the less time you have to react. And if a collision does happen, higher speeds equal more damage and a greater risk of injury and death."

I strongly encourage this committee to forward this recommendation to City Council. It is a low-investment decision with very high returns.

Thank you for your consideration,

Jenn Pereira
