Comments:

To Saskatoon City Council,

I am writing in support of the following motions:

9.2.2 Neighbourhood Bikeways 30 km/h Speed Limit Policy [TS20231203]

I believe these measures help move the City of Saskatoon toward a healthier, safer, and more equitable and sustainable active transportation network, which in turn contributes to a happier community.

As a regular bike rider, a 30 km/h speed limit to roads designated as Neighborhood Bikeways will provide a noticeably safer riding experience as it:

discourages high volume and speed of vehicular traffic

creates a more welcoming and inviting environment for cyclists

allows all parties to see each other well in advance

gives all parties more time to react to the unexpected

in the worst case scenario of a collision, mitigates the severity and extent of injury

I have not forgotten Natasha Fox and Darin Kinniewess, two community members who died this year while riding their bikes. I want to live in a city where elected officials do everything in their power to reduce the likelihood of further tragedy. With as many as 50 SGI reported car/bicycle collisions a year (many others go unreported) the potential for more tragedy is horrifying!

Thank you for your consideration,

Xiaomin Jiang
