**Comments:**

We are writing on behalf of Wild about Saskatoon to reinforce the call from Saskatoon Climate Hub for continued funding of the Low Community Emissions Plan and the goals and projects within the City's Climate Action Plan. We also want to emphasize the critical importance of the City's Green Infrastructure Pathway and Water Conservation Strategy, both of which advance climate adaptation and mitigation. As Saskatoon Climate Hub points out, now is the time to fund and support the city's environmental objectives as the climate emergency unfolds around us.

Thank you for your continued leadership on these vital issues.
