Dear Mayor Clark and Councillors,

My name is Adam Cole, a constituent of ward 5.

I'm writing to you to express my concern over the possible cuts and delays that are being discussed in the upcoming multi-year budget.

My concerns are that environmental initiatives may fall by the wayside. We are living in a time where further delay of climate mitigation is unacceptable and irresponsible. For the 2024-2025 budget, funding towards Saskatoon's Climate Plan and beyond should be prioritized.

As a citizen of Saskatoon, I want my city councilor to support and fund programs, services and initiatives that will fight the climate crisis. I've come to rely on services here in the city, such as public transportation, and recycling.

I know that climate change is not isolated. I know that climate change will impact Saskatoon. I want to see initiatives, services and projects such as greener spaces funded, and prioritized.

I hope that during the **November 28th to 30th budget meeting**, these items are supported and not considered for cuts or austerity measures. I hope you represent these views during the budget discussion and showcase yourself as a councillor who represents not only the desires and needs of the community, but also protects and secures its future as well.

Thank you for your time.

Sincerely,

Adam Cole
