Comments:

I can appreciate the creation of the new service line “Community Risk Reduction” to create better transparency on those additional programs that are provided by the Saskatoon Fire business line (such as bylaw/fire inspections and needle pickups).

What is the impact of this new service line with regards to hierarchy? The organization chart on the City’s webpage had previously listed “Public Relations and Community Risk Reduction” as one function. Now there is a new organization chart posted, effective November 22, 2023. Public Relations is no longer mentioned. This new service line “Community Risk Reduction” is listed, as well as a new “Community Relationships” function. With a new function listed, does this mean that a corresponding increase in a supervisory role (director) has been created? If so, is anything else expected to increase (payroll, support staff, office space)?
