Comments:

I am writing in support of the following motion:

7.2.1 – 31st Street Bikeway Connection to 33rd Street Shared-use Pathway Functional Plan [TS2024-0204]

The city administration's plan is fully supported by me. Creating a connecting active transportation route between the 31st St. Bikeway to the 33rd St. multi-use path, makes a lot of sense and I would like to see their recommendations sent to city council for approval.

This connection is required to complete the bike route and a safe bike system is something I want in my city. A patchwork is not acceptable. Please move this forward

Sincerely,

Scott Wieting
