Comments:

I heartily support the city administration's plan to create a connecting active transportation route between the 31st St. Bikeway to the 33rd St. multi-use path, and would like to see their recommendations sent to city council for

approval as soon as possible. As someone who bikes year round, getting anywhere can be a challenge because of lack of infrastructure and negative attitudes towards cyclists by motorists.

This kind of connection is vital for a modern city that is keen to integrate current infrastructure into a safer, more continuous, and more accessible network for all modes of travel. Implementation of these types of plans also indicate to motorists that, contrary to what they'd like to believe, ALL types of transportation are valid and deserve safe infrastructure.

I want this kind of city, ideally in my lifetime.

Sincerely,
Stephanie Siemens
Ward 6 resident
