To: Standing Policy Committee on Transportation, City of Saskatoon

Dear Committee Members,

I am very concerned about the wonderful native plants and animals associated with Saskatoon's Swales that are threatened by freeway development. The proposed freeway would cause severe damage to the Northeast Swale and the Small Swale.

I am writing to the Standing Policy Committee on Transportation to ask you to vote for Option 1 – Do not endorse the study. (On February 6, the committee is scheduled to vote on whether or not it will endorse Saskatoon Freeway Functional Planning Study - Phase 2.)

The proposed freeway would be very expensive and would result in terrible loss to a very valuable natural area. The proposed development would also result in loss of ecosystem services.

I would like to see the whole of the Northeast Swale protected, including the parts outside Saskatoon. Of course, the Small Swale should also be protected.

Please protect this wonderful natural area.

Sincerely,
Carroll Chubb
