Comments:

I wish to comment on the Saskatoon freeway study. Please do not endorse option 2, which would cut through the northeast swale and impact the small swale. These are beautiful areas that need to be preserved for future generations! Last summer, we walked through the small swale and were delighted to hear the sound of a western meadowlark, so rarely heard, now that grasslands are endangered. Please vote for option 1 and protect these vital habitats from highway intrusion. Thank you.
